COMPTROLLER

SEP 14 2009

The Honorable Daniel K. Inouye
Chairman
Committee on Appropriations
United States Senate
Washington, DC 20515

Dear Mr. Chairman:

The American Recovery and Reinvestment Act of 2009, Public Law 111-5 (the Recovery Act), was designed to stimulate economic growth by creating millions of jobs through investments in infrastructure improvements and expanding energy research in an effort to lead the way toward energy independence for our country. On March 20 and April 28, 2009, the Department submitted plans to implement the Recovery Act identifying specific military construction and facility sustainment, restoration, and modernization projects that improve facilities and energy efficiency.

At that time, the Department indicated that it would amend the plans if significant changes occur during implementation. This letter notifies the Congress of the following changes to the Department's Recovery Act plans:

- Cancel 41 projects and replace with 33 projects (enclosure 1)
- Add 162 projects funded from bid savings (enclosure 2), and
- Correct a project title (enclosure 3)

A revised state summary is provided at enclosure 4. The Department appreciates the continued support of the Congress for Defense facility and infrastructure programs. Similar letters have been sent to the chairmen and ranking members of the House and Senate Armed Services Committees and the Committee on Appropriations of the House.

Sincerely,

A handwritten signature in cursive script that reads "Robert F. Hale".

2352	NG Bryant Airfield	AK	Replace Windows, HVAC, and Electrical System, and Insulate, and Reroof Air Traffic Control Tower	709	E
2353	Camp Denali	AK	Replace Plumbing, HVAC, and Lighting, and Insulate, and Reroof United States Property and Fiscal Office Warehouse	732	E
2354	Camp Denali	AK	Replace Lighting and HVAC at Combined Support Maintenance Shop	750	E

Lines #695, 697, 700: Work already completed using base funds. Roofs were leaking badly; the State expedited maintenance to minimize risk of damage to internal building systems. Line #696: After project submission for the Recovery Act list, it was determined that no money savings was achievable as the site's utilities privatization contract guarantees its vendor a set payment amount per year independent of heat utilization. Line #702: Engineering study revealed that site was too far north to achieve cost savings with current solar technology. Lines # 698, 699, 701, 704: Projects were originally included because higher levels of state matching funds (required by statute) were anticipated in the state's new fiscal year budget; the state ran out of matching funds.

<i>ACTIVE AIR FORCE</i>					
614	Robins AFB	GA	Repair/Upgrade HVAC Sys, A/C Plant 25 - 100 Tn, B/769	107	E
1657	Robins AFB	GA	Repair & Resurface Watson Boulevard	100	P
Line #614: Upon further investigation, the required repairs to the HVAC system are much more extensive than originally identified. The HVAC system repair/upgrade work is estimated to exceed \$1M and is not ready for a late FY09 or early FY10 award. This project cannot be awarded in a timely manner and needs to be cancelled and replaced with requirements that can be expeditiously awarded and started.					
672	Wake Island Airfield	GU	Repair Roofs, Multiple Facilities	1,452	R
1659	Andersen AFB	GU	Install Lightning Protection System Comm Facility	25	O
1660	Andersen AFB	GU	Repair S. Ramp Hardstands Ph 2 (S46, S47, S50, S54)	1,047	P
1661	Andersen AFB	GU	Paint Exterior Control Tower	100	O
1662	Andersen AFB	GU	Paint Exterior Paulau Hall	140	B
1663	Andersen AFB	GU	Paint Exterior Rota Hall	140	B
Line #672: The Air Force originally considered this requirement for accomplishment by the sole-source, small business, Native Alaskan Base Support Contractor. During acquisition planning, the installation discovered American workers would not be hired to accomplish the work because the Base Support contractor employs Thai nationals on Wake Island. Therefore, this project does not meet the intent of preserving or creating American jobs .

1672	Mountain Home AFB	ID	Repair Insulation on Hangar Doors (B1335)	15	E
<p>Line #690: The project would execute a modification on an existing base-funded pop up barrier contract currently in place. The contractor is not agreeable to requirements under the Recovery Act. This is a specialized sub-contractor and failure to utilize them for the installation of previously purchased equipment will impact the equipment warranty. There are no other contractors in the local area that install the brand of previously purchased equipment. Additionally, in order to avoid mixing Recovery Act and base funds on a single contract, this requirement will be performed using base funds after cancellation.</p>					

919	Minot AFB	ND	Repair Wash Bay Bldg 543	17	O
	Minot AFB	ND	Bid savings from projects at this site	48	
1709	Minot AFB	ND	Repair Fencing	65	O
<p>Line # 919: Work already funded by base funds. The installation decided to begin the project ahead of schedule because freezing weather risked additional damages and safety concerns merited immediate attention. The proposed replacement project will be augmented by \$48K from cost savings on other Recovery Act projects at Minot AFB.</p>					

971	Cannon AFB	NM	Maintain HVAC System, Admin B186 & 785	291	E
1710	Cannon AFB	NM	Repair HVAC System B74	291	E
<p>Line #971: The project was scoped to replace a limited portion of the HVAC system in each facility. Upon further investigation, it was determined a complete HVAC replacement is required for each facility. Since additional evaluation is required, the project is not executable in a timely fashion.</p>
