

UNDER SECRETARY OF DEFENSE

1100 DEFENSE PENTAGON  
WASHINGTON, DC 20301-1100

DEC 24 2009

COMPTROLLER

The Honorable David R. Obey  
Chairman  
Committee on Appropriations  
United States House of Representatives  
Washington, DC 20515

Dear Mr. Chairman:

The American Recovery and Reinvestment Act of 2009, Public Law 111-5 (the Recovery Act), was designed to stimulate economic growth by creating millions of jobs through investments in infrastructure improvements and expanding energy research in an effort to lead the way toward energy independence for our country. On March 20 and April 28, 2009, the Department submitted its initial plans to implement the Recovery Act identifying specific military construction and facility sustainment, restoration, and modernization projects that improve facilities and energy efficiency.

At that time, the Department indicated that it would amend the plans if significant changes occur during implementation. On September 14, 2009, the Department notified the Congress of its first Recovery Act plan revisions. This letter notifies the Congress of additional changes to the Department's Recovery Act plans. Specifically, the Air Force military construction program:

- Adds two projects funded from bid savings (enclosure 1), and
- Corrects a project title (enclosure 2)

A revised state summary is provided in enclosure 3. The Department appreciates the continued support of the Congress for Defense facility and infrastructure programs. Similar letters have been sent to the chairmen and ranking members of the House and Senate Armed Services Committees and the Committee on Appropriations of the Senate.

Sincerely,

A handwritten signature in black ink that reads "Robert F. Hale".

Robert F. Hale

Enclosures:

As stated

## American Recovery and Reinvestment Act of 2009 Military Construction Bid Savings Addition List

Consistent with White House guidance to expeditiously award and start activities that will assist in the creation and preservation of jobs, the Department is adding the following projects to its Military Construction expenditure plan. These projects are funded with bid savings from Military Construction, Air Force Recovery Act funds appropriated specifically for "troop housing" and "child development centers" in P.L. 111-5.

### Projects Added From Bid Savings (2)

	Installation/Location	State	Project Title	Cost Estimate (\$000)	Project Category
	<i>AIR FORCE</i>				
<i>ACTIVE AIR FORCE</i>					
24	Tinker AFB	OK	Construct Child Development Center	\$11,200	CDC
25	Minot AFB	ND	Construct Dormitory	\$22,000	Airmen Housing

## American Recovery and Reinvestment Act of 2009 Military Construction Project Title Change List

The change below is made to the project title to more accurately reflect the scope of work. Original project title is denoted in gray.

OSD #	Installation/Location	State	Project Title	Cost Estimate (\$000)	Project Category
	<i>AIR FORCE</i>				
	<i>AIR FORCE NATIONAL GUARD</i>				
19	Salt Lake City	UT	Fire Station, Phase 2	5,100	MILCON Projects Inside US
19	Salt Lake City	UT	Construct Mobility Processing and Explosive Ordnance Disposal Facility	5,100	MILCON Projects Inside US
Actual work involves adding square footage to the phase I Fire Station. However, the new square footage being added to the existing fire station will be occupied by Explosive Ordnance Disposal personnel and Mobility Processing functions, not fire department personnel. The updated title more accurately reflects who the construction will support.
